Dear Parent/Carer

Pupil Photographs on communication aids

Communication is central to all that we do at Baytree. We are increasingly utilising electronic communication aids and books to facilitate each child's needs and choice making. It is important that the aid is easily identifiable to each child so it is helpful if we are able to put the child's photograph on the cover.

I am writing to request your permission to use a photographic image of your child on communication aids belonging to both themselves and other pupils. Communication aids may be used in school, on visits to the community, within college/3<sup>rd</sup> party settings and taken home.

We may use photographs of peers and others around school in order to allow pupils to choose who they may want to interact with, talk to or choose to be with. Therefore all pupil's photographs may be used in communication aids belonging to other pupils in the school.

I am therefore writing to ask that if you have any objections to your child's photographs being used in this manner that you complete the slip below.

Yours sincerely

Ed Bowen-Roberts  
Headteacher
