

Please note, we have 2 INSET days coming up: 21st & 22nd October. We have also updated our term dates for Term 6, we will be finishing on Thursday 21st July, there are also 2 more INSET days still to be confirmed!

Our theme in **Purple Class** this term is The World Around Me. We have been thinking about our bodies and our different body parts. In art we created our facial features using play dough.

We are all enjoying finding out about the world we live in, we have enjoyed parachute games and found our friends who are the other side of the parachute to us.

It has been lovely to get back into doing some of our regular activities in **Green Class**. In the hydro pool, Sam has been doing some great work using a float and Lily-May has been trying hard to press switches and make things move and play.

In **Knightstone** we loved taking part in raising money for Macmillan cancer charity by making and baking cakes! It was also lovely to spend time with our friends across the secondary department.

Worle Class have been looking at Homes around the World as our topic this term. This week we have been looking at Igloos and how they are built from blocks of ice. Everyone did well at building their own igloo, we used marshmallows, as we found ice cubes a little slippery.

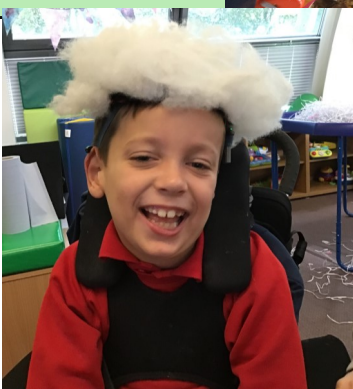

Stepholm were brilliant in preparing for our Macmillan coffee morning along with the rest of our secondary classes. They made bunting to decorate the classroom and made lots of cakes to sell around school. Everyone did a fantastic job!

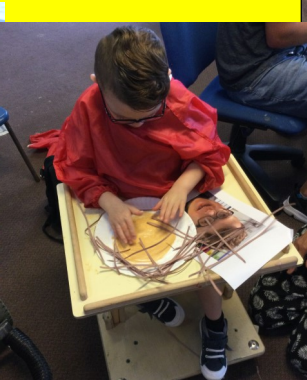

A MASSIVE thank you to everyone who donated for our Macmillan Coffee morning we raised a fantastic

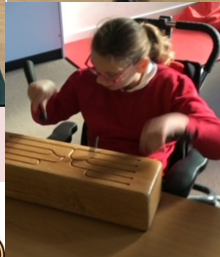

Orange Class' topic is Health & Growth. We have had lots of fun being at the hairdressers where they tried on different hairstyles as part of a sensory story and then making flapjacks for the Macmillan coffee morning.

Yellow class have been doing some brilliant self-portraits over the last week. We have also enjoyed sharing assembly with lower school - we have started to learn about Harvest and have explored farming in class. Just look at our beanstalks - they're huge!

Red Class, orange class and yellow class have had lots of fun learning together during our Monday morning assemblies. This week we learnt about the Jewish festival 'Rosh Hashanah' and have enjoyed exploring some of their traditions, including tasting apples with honey.

In Uphill Class we

have been enjoying Squash and a Squeeze this week and doing squeezing dance massage, and squashy messy play.

Winter Bike loans.

We have some great adaptive bikes at our hire, bikes that we don't think will be hired out much over the coming months...so we would like to offer them out for free loan.

Rather than have the bikes collecting dust at the hire, we would like to see them enjoyed. Do you know anyone who would enjoy using one of our bikes ?

If so, please email us at: strawberrylinprojects@gmail.com

Training sessions available to parents:

The impact of complex medical conditions or serious illness on families
This workshop will focus on the challenges that adults face when having to explain difficult things to children in a way children can comprehend. We will explore the use of stories and child-friendly ways of presenting information and also explain how children process this kind of information, and therefore what can be helpful and what might not be helpful.

We will consider adult attitudes and beliefs around talking about difficult things to try to understand where adults might be coming from and their anxieties and fears. Delegates will receive some written ideas that can be adapted to different children and families depending on circumstances.

Sleep Seminar with Sleep Experts from Cerebra

Join us for a 2.5-hour interactive session with sleep experts from Cerebra who have years of experience in helping families to understand their child's sleep difficulties. The session will be run by 2 sleep practitioners who will provide proven tips and strategies on how you can support your child to better sleep. This is for children with additional needs and/or disabilities.

<https://www.eventbrite.co.uk/e/sleep-seminar-with-sleep-experts-from-cerebra-tickets-180040765777>

The training is free and parents/carers just need to sign up for a place via Eventbrite using the links above.

If you are permanently resident in postcode areas: BS22, BS23 or BS24, you may be eligible for a grant of up to £5000.00 from Weston Sunbeams. Only one grant per calendar year, per beneficiary which must provide for a specific need (e.g. special equipment or a project) and can only be used for the purpose for which it was granted. This excludes special holidays or anything that would normally be available under a disabled facilities grant or other local or health authority funding, though we may consider top-up funding in the latter case where a client contribution is required. Applications must be made via a healthcare professional, occupational therapist or the school SENCO. For more information, please visit: <https://westonsunbeams.co.uk>
