

Risk Assessment

Baytree School

Establishment operation from 1 September 2021: response to Coronavirus (COVID-19). Issue 6.1 (Further detail is captured in the Background and Context description below)

Section 1:

Date of Assessment:	MAT/Establishment/Section/Team: Baytree School	Review date: (Complete once the action plan section below is addressed)	
Assessed by: Please print names of all those involved with this assessment.	1. Ed Bowen-Roberts	Date:	Sept 21
	2. Aline Kay		
	3.		
	4.		
Staff signatures: I/We have read and understood this RA and our role in its implementation.	1.	Date:	
	2.		
	3.

Part B: Control measures

- 1. Ensure good hygiene for everyone**
- 2. Maintain appropriate cleaning regimes**
- 3. Keep occupied spaces well ventilated**
- 4. Follow public health advice on testing, self-isolation and managing confirmed cases of COVID-19**
- 5. Use of face coverings**
- 6. Use of personal protective equipment**
- 7. setting workforce**
- 8. Pupil wellbeing**
- 9. Provision of first aid and administration of medication**
- 10. Lettings**
- 11. Educational visits**
- 12. Setting reception areas**
- 13. Afterwards and breakfast clubs**

Part A: Background and Context

This risk assessment has been developed with reference to:

- Schools Covid-19 operational guidance (July 2021) [schools COVID-19 operational guidance \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/95422/schools-covid-19-operational-guidance-july-2021.pdf).
- Actions for early years and childcare providers during the COVID-19 pandemic (July 2021) [Early years and childcare: coronavirus \(COVID-19\) - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/95422/early-years-and-childcare-covid-19-guidance-july-2021.pdf)
- SEND and specialist settings: additional COVID-19 operational guidance (6 July 2021) [SEND and specialist settings - additional operational guidance: COVID-19 \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/95422/send-and-specialist-settings-covid-19-operational-guidance-july-2021.pdf)
- **Contingency Framework: Education and childcare settings (August 2021)** [Contingency framework: education and childcare settings \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/95422/contingency-framework-education-and-childcare-settings-august-2021.pdf)

Rationale for guidance for schools from September 2021.

Government guidance has been developed on the premise that disruption to children and young people’s education must be minimised. The [Evidence summary: COVID-19 - children, young people and education settings - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/95422/evidence-summary-covid-19-children-young-people-and-education-settings-july-2021.pdf) sets out the evidence relevant to, and in support of, the government’s decision to revise the guidance on the COVID-19 safe working and protective measures that have been used within settings, colleges and early years settings in England during the pandemic.

In making this decision, the government has balanced education and public health considerations – weighing the impact of these measures on teaching, educational attainment, the health and wellbeing of children, pupils, students and staff and the functioning of schools, colleges and early years settings, against the COVID-19 risks in a context that has now fundamentally changed due to the success of the vaccination programme.

Contingency Planning

Government guidance requires settings to have an Outbreak Management Plan (sometimes called contingency plan) outlining how they would operate if any of the following circumstances applied to their setting or area:

Issue 6.1	1st September 2021	Page 3 of 33
-----------	--------------------	--------------

- a COVID-19 outbreak within a setting
- if there is extremely high prevalence of COVID-19 in the community and other measures have failed to reduce transmission
- as part of a package of measures responding to a Variant of Concern (VoC)

This includes how we would ensure every child, pupil or student receives the quantity and quality of education and care to which they are normally entitled.

If necessary we will reinstate relevant control measures from our 2020-21 risk assessment to address the areas set out in [Contingency framework: education and childcare settings - GOV.UK \(www.gov.uk\)](#) as detailed within the Contingency Plan Sept 2021.

Control Measures

This risk assessment addresses the essential control measures set out in the government guidance referred to above. They are as follows:

Settings should:

- 1. Ensure good hygiene for everyone.***
- 2. Maintain appropriate cleaning regimes.***
- 3. Keep occupied spaces well ventilated.***
- 4. Follow public health advice on testing, self-isolation and managing confirmed cases of COVID-19.***

We have adapted this risk assessment in consultation with relevant partners including trade union representatives where available. This risk assessment will be made publicly available to those who wish to see it.

Part B:

Issue 6.1	1st September 2021	Page 4 of 33
-----------	--------------------	--------------

What is the Task/Activity or Environment you are assessing?	What Hazards are present or may be generated? (Use a row for each one identified)	Who is affected or exposed to hazards?	What Severity of Harm can reasonably be expected? (See Table 1)	What Precautions (Existing Controls) are already in place to either eliminate or reduce the risk of an accident happening?	What Likelihood is there of an accident occurring? (See Table 1)	What is the Risk Rating ? (See Table 2 and 3)
1: ENSURE GOOD HYGIENE FOR EVERYONE						
Hand hygiene	Poor hand hygiene increases the likelihood of infection from coronavirus	Pupils and staff	Serious	Opportunities are provided for staff and pupils to clean their hands with soap and water and dry thoroughly: <ul style="list-style-type: none"> ● on arrival at setting ● after using the toilet ● after breaks and sporting activities ● before food preparation ● before eating any food, including snacks ● before leaving setting ● after sneezing/coughing. Covered bins available for disposal of paper towels will be emptied periodically during the day. Signage about how to wash hands properly, is on display and reinforced with pupils. Where sinks are not easily accessible hand sanitiser will be available. Supervision by staff is provided as needed.	Medium Risk	Medium
Respiratory Hygiene	Poor respiratory hygiene increases the likelihood of infection from exposure to coronavirus.	Pupils and staff	Serious	Catch it, kill it, Bin it – tissues are available in all classrooms, staffroom and reception at a minimum. The message is reinforced with pupils. Covered bins are available for the disposal of used tissues.	Medium Risk	Medium
2. MAINTAIN APPROPRIATE CLEANING REGIMES						

Cleaning	Person contracts COVID 19 as a result of inadequate cleaning	Pupils and staff	Serious	<p>We have reviewed the cleaning specification with our cleaning contractor to ensure that this meets requirements set out in https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings</p> <p>A meeting has taken place with the cleaning manager (15/5/2020) and this document has been brought to his attention. The cleaning program and specification has been discussed in line with guidance referenced above.</p> <p>Where our own cleaners and/or additional staff are required to undertake cleaning duties we have ensured that they have received appropriate training and are provided with PPE, as set out in guidelines above. This also applies to other staff who may be asked to carry out cleaning duties during this period.</p> <p>We have identified cleaning of high-risk areas to be undertaken throughout the setting day to include:</p> <ul style="list-style-type: none"> ● Door handles ● Kettles ● Taps ● Switches ● Phones ● Laptops / ● Printers and photocopiers ● Staffroom/ food preparation ● Surfaces that pupils are touching e.g.: toys, books, chairs, tables, doors, sinks, toilets, bannisters, light switches, etc. <p>As a minimum, frequently touched surfaces will be wiped down twice a day, and one of these should be at the beginning or the end of the working day. Cleaning will be</p>	Medium Risk	Medium
----------	--	------------------	---------	--	--------------------	---------------

	Cleaning requirements for the safe implementation of AGPs.			<p>more frequent depending on the number of people using the space, whether they are entering and exiting the setting and access to handwashing and hand-sanitising facilities. Cleaning of frequently touched surfaces is particularly important in bathrooms and communal kitchens.</p> <p>Our document stating how this will be applied and inspected in practice has been shared with relevant staff and is available within the Staff September Expectations.</p> <p>Additional, ongoing daily cleaning of the communal frequent touch points was implemented in November 2020 carried out by Adapt cleaning staff and will continue for Sept 21.</p> <p>Where the AGP is carried out within a separate room (not the classroom) then this room will be left vacant for 1 hour before being cleaned.</p> <p>Where the AGP is carried out within the classroom setting an initial clean will take place after the procedure. A further clean will take place after an hour of the AGP following the guidance below: guidance on cleaning for non-healthcare settings.</p>		
Safe use of cleaning products	Inappropriate exposure to cleaning product results in allergic reaction/ poisoning etc Storage arrangements of cleaning product change increasing potential for unauthorised 'use' by pupils.	Pupils and staff	Serious	All staff involved in cleaning duties will receive training re: safe use and storage of cleaning materials. PPE will be provided for all cleaning activities. Safety data sheets for cleaning products are available. Only recommended cleaning products will be used.	Low	No Significant Risk

	Use of hand sanitiser: potential for improper use and ingestion.	Pupils and staff	Serious	<p>We are providing/allowing the use of hand sanitisers that contain at least 60% alcohol.</p> <p>Staff supervision provided as required</p> <p>We have obtained the Safety Data Sheet for the product(s)</p> <p>They advise on action to be followed if the sanitiser is not used as designed i.e., a child drinks some; it gets in eyes etc.</p> <p>This will also help with potential reactions to the product.</p> <p>We have and will secure adequate supplies of the product and provide it, especially in areas such as reception to the building(s).</p>	Medium	Medium Risk
--	--	------------------	---------	--	---------------	--------------------

3. KEEP OCCUPIED SPACES WELL VENTILATED

Ventilation (Open windows and doors are recommended as a means of improving air circulation within the building)	Falls from height (open windows)	All premises occupants	Serious	<p>Whilst taking into consideration the necessity to increase ventilation by improving air circulation within the building we have advised staff that window opening restrictors must not be removed.</p>	Low	No Significant Risk
	Additional doors and windows are left open compromising site security/fire safety.	All premises occupants	Serious	<p>We have reviewed our site and identified doors that could remain open without compromising fire safety/ and or security.</p> <p>Here, for high-risk areas such as kitchens and boiler rooms fire doors will be kept in the closed position. Lower risk rooms such as classrooms and offices may be propped open with removeable things - a weight or wedge - if there are people present who will be tasked with removing it if the alarm goes off and at the end of the day.</p>	Low	No Significant Risk

				Door guards etc, will continue to be used to improve circulation in the building (and also reduce the need for touching the door handles).		
	Inadequate ventilation contributes towards the spread of coronavirus. Open windows in the winter months mean that the temperature in buildings is uncomfortable.	All premises occupants	Serious	<p>We will ensure that our building is heated to a temperature whereby staff and pupils can work comfortably whilst endeavouring to ensure that there are measures in place to ensure good ventilation.</p> <p>This will be achieved by a variety of measures including:</p> <ul style="list-style-type: none"> natural ventilation – opening windows (in cooler weather windows will be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space). Opening internal doors can also assist with creating a throughput of air natural ventilation – if necessary external opening doors may also be used (as long as they are not fire doors and where safe to do so) <p>We note the following advice from HSE: https://www.hse.gov.uk/temperature/thermal/managers.htm https://www.cibse.org/coronavirus-covid-19/coronavirus,-sars-cov-2,-covid-19-and-hvac-systems NB: Minimum workplace temperature is 16 degrees centigrade.</p>	Low	No Significant Risk

				<p>To balance the need for increased ventilation while maintaining a comfortable temperature, the following measures will also be used as appropriate:</p> <ul style="list-style-type: none"> • opening high level windows in preference to low level to reduce draughts • increasing the ventilation while spaces are unoccupied (e.g., between classes, during break and lunch, when a room is unused) • providing flexibility to allow additional, suitable indoor clothing. Including advising staff and pupils re: the value of layering clothing. • rearranging furniture where possible to avoid direct drafts <p>NB: Further detail re CO2 monitoring to follow when made available from Gov't.</p>		
--	--	--	--	--	--	--

4. FOLLOW PUBLIC HEALTH ADVICE ON TESTING, SELF ISOLATION AND MANAGING CONFIRMED CASES OF COVID-19						
Engagement with the NHS Test and Trace Process. Access to testing	Failure to follow PHE/ NHS Test and Trace procedures increases the likelihood of exposure to coronavirus in the setting community.	Pupils and staff	Serious	<p>Relevant staff understand the NHS Test and Trace process and how to contact their local Public Health England health protection team.</p> <p>Where necessary we will direct members of the setting community with symptoms of coronavirus to Get a free PCR test to check if you have coronavirus (COVID-19) - GOV.UK (www.gov.uk)</p> <p>Home test kits are available in our setting and will be offered in the exceptional circumstance that we believe an individual may have barriers to accessing testing elsewhere. We note that it is for settings to determine how to prioritise the distribution of their test kits in order to minimise the impact</p>	Medium	Medium Risk

				<p>of the virus on the education of their pupils, and will therefore provide these to staff or pupils on the basis of an agreed set of criteria to be determined by the setting. https://www.gov.uk/government/publications/coronavirus-covid-19-home-test-kits-for-settings-and-fe-providers/coronavirus-covid-19-home-test-kits-for-settings-and-fe-providers</p> <p>We will ask parents and staff to inform us immediately of the results of a test.</p>		
Contact with infected persons/ exposure to the virus within the setting.	Person contracts coronavirus as a result of direct contact with an infected person (or a symptomatic person) entering the premises.	Pupils and staff	Serious	<p>Guidance has been issued to the entire school community. If anyone in the setting becomes unwell with a new and persistent cough or a high temperature, or has a loss of or change in, their normal sense of taste or smell (anosmia), they must stay at home and are advised to follow guidance for households with possible or confirmed coronavirus (COVID-19) infection: Stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection - GOV.UK (www.gov.uk)</p> <p>THIS GUIDANCE IS LIKELY TO BE UPDATED FROM 16 AUGUST 2021</p> <p>From 16 August 2021, people who are fully vaccinated (full vaccination: 14 days after the second dose for two dose vaccines), and for under 18s. Those not fully vaccinated will still need to isolate if they are contacts, and everyone will still have to isolate if they test positive, to protect themselves and others.</p> <p>From 16 August 2021 Individuals are not required to self-isolate if they live in the same household as someone with</p>	High	High risk

				<p>COVID-19, or are a close contact of someone with COVID-19, and any of the following apply:</p> <ul style="list-style-type: none"> • they are fully vaccinated • they are below the age of 18 years and 6 months • they have taken part in or are currently part of an approved COVID-19 vaccine trial • they are not able to get vaccinated for medical reasons <p>Instead, they will be contacted by NHS Test and Trace, informed they have been in close contact with a positive case and advised to take a <u>PCR test</u>. We will encourage all individuals to take a PCR test if advised to do so.</p> <p>Staff who do not need to isolate, and children and young people aged under 18 years 6 months who usually attend school, and have been identified as a close contact, should continue to attend school as normal. They do not need to wear a face covering within the school, but it is expected and recommended that these are worn when travelling on public or dedicated transport.</p>		
	Contact with those developing symptoms of the virus during the working day.	Pupils and staff	Serious	<p>If anyone in our setting develops COVID-19 symptoms, however mild, they will be sent home and advised to get a PCR test and follow public health advice.</p> <p>When to self-isolate and what to do - Coronavirus (COVID-19) - NHS (www.nhs.uk)</p>	High	High risk

				<p>Most recent guidance re: What to do if a pupil is displaying signs of coronavirus has been shared with relevant staff and is on display.</p> <p>If a child is awaiting collection, they will be moved to an area of the classroom which is at least 2 metres away from other people.</p> <p>If they need to go to the bathroom while waiting to be collected, we endeavour that they will use a separate bathroom if possible. The bathroom will be cleaned and disinfected using standard cleaning products before being used by anyone else.</p> <p>PPE will be worn by staff caring for the child while they await collection if a distance of 2 metres cannot be maintained (such as for a very young child or a child with complex needs).</p> <p>In an emergency we will call 999 if they are seriously ill or injured or their life is at risk. We will not suggest a visit to the GP, pharmacy, urgent care centre or a hospital.</p> <p>Staff are instructed to wash their hands thoroughly for 20 seconds after any contact with someone who is unwell. We will clean the affected area with normal household disinfectant after someone with symptoms has left to reduce the risk of passing the infection on to other people. See https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings</p>		
--	--	--	--	--	--	--

<p>Lateral Flow Testing (Asymptomatic testing)</p>	<p>Non participation in Lateral Flow Testing means that asymptomatic cases are undetected within the setting community.</p>	<p>Pupils and staff</p>	<p>Serious</p>	<p>The opportunity for all adults in England to participate in lateral flow testing has been publicised amongst the setting community. Regular rapid coronavirus (COVID-19) tests if you do not have symptoms - NHS (www.nhs.uk)</p> <p>Our setting workforce (including regular contractors and visitors) has the opportunity and been provided with sufficient testing kits to participate in lateral flow testing twice a week at home.</p> <p>From September 2021 we note this arrangement will also apply to all secondary pupils once two lateral flow tests have been completed at setting (3-5 days apart). (Secondary settings only) there is a process in place to ensure that all students are provided with sufficient home testing kits.</p>	<p>Medium</p>	<p>Medium Risk</p>
	<p>Lateral Flow Testing process is not implemented correctly leading to inaccurate results and/or inadequate follow up of positive test results</p>	<p>Pupils and staff</p>	<p>Serious</p>	<p>A separate risk assessment is in place to cover the arrangements for Lateral Flow Testing.</p> <p>Confirmatory PCR tests</p> <p>Staff or pupils with a positive LFD test result must self-isolate in line with the stay-at-home guidance. They will also need to arrange a lab-based polymerase chain reaction (PCR) test to confirm the result. If the PCR test is taken within 2 days of the positive lateral flow test, and is negative, it overrides the self-test LFD test and the member of staff or pupil can return to setting.</p>	<p>Medium</p>	<p>Medium Risk</p>

<p>Management of confirmed cases of coronavirus</p>	<p>Failure to follow PHE/ NHS Track and Trace procedures increases the likelihood of exposure to coronavirus in the setting community.</p> <p>Anxiety and dissent within the setting community</p>	<p>Pupils and staff</p>	<p>Serious</p>	<p>We note that close contacts of those testing positive with coronavirus will be identified via NHS Test and Trace. We note that we may be contacted in exceptional cases to identify close contacts.</p> <p>Records will be kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test & Trace.</p> <p>We note that if we have two or more confirmed cases within 10 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, we may have an outbreak, and will work with our local health protection team who will be able to advise if additional action is required.</p> <p>We note the thresholds, detailed below, can be used by settings as an indication for when to seek public health advice if they are concerned. For most education and childcare settings, whichever of these thresholds is reached first:</p> <ul style="list-style-type: none"> • 5 children, pupils, students or staff, who are likely to have mixed closely, test positive for COVID-19 within a 10-day period; or • 10% of children, pupils, students or staff who are likely to have mixed closely test positive for COVID-19 within a 10-day period. <p>For special schools, residential settings, and settings that operate with 20 or fewer children, pupils, students and staff at any one time:</p>	<p>Medium</p>	<p>Medium Risk</p>
---	--	-------------------------	----------------	---	----------------------	---------------------------

				<p>• 2 children, pupils, students and staff, who are likely to have mixed closely, test positive for COVID-19 within a 10-day period Identifying a group that is likely to have mixed closely will be different for each setting.</p> <p>We will seek public health advice if a pupil or staff member is admitted to hospital with COVID-19. Hospitalisation could indicate increased severity of illness or a new variant of concern.</p> <p>Alternatively, we will call the Department for Education’s existing coronavirus (COVID-19) helpline number on 0800 046 8687, and select option 1</p> <p>For all cases relating to staff, see the guidance for workplaces: NHS Test and Trace in the workplace Employers should call the Self-Isolation Service Hub on: 020 3743 6715 as soon as they are made aware that any of their workers have tested positive. If cases amongst staff mean a setting meets the threshold, described above, employers will need to provide the 8-digit NHS Test and Trace Account ID (sometimes referred to as a CTAS number) of the person who tested positive, alongside the names of co-workers identified as close contacts. This will ensure that all workplace contacts are registered with NHS Test and Trace and can receive the necessary public health advice, including the support available to help people to self-isolate.</p> <p>Where applicable we will advise temporary staff of their entitlement to <u>Test and Trace Support Payments</u>, noting that this support is only for the temporary staff who settings</p>		
--	--	--	--	---	--	--

				<p>decide not to engage in home working and who are not being paid during self-isolation. To be eligible for a Test and Trace Support Payment, the individual must be living in England, meet the eligibility criteria and be formally advised to self-isolate by NHS Test and Trace, who will provide the individual with an NHS Test and Trace Account ID.</p> <p>We will also extend this advice to parents/ carers of children who have been asked to self-isolate as they may be applicable for this payment in some cases.</p> <p>Claiming financial support under the Test and Trace Support Payment scheme - GOV.UK (www.gov.uk)</p>		
NHS COVID-19 App	<p>Inadequate response to alerts provided by use of NHS COVID-19 App</p> <p>IT IS LIKELY THAT THIS GUIDANCE WILL BE AMENDED BEFORE 1 SEPTEMBER 2021</p> <p>This guidance has been withdrawn. However, the App still remains in use so content has been retained in this risk assessment.</p>	Pupils and staff	Serious	<p>IT IS LIKELY THAT THIS GUIDANCE WILL BE AMENDED BEFORE 1 SEPTEMBER 2021</p> <p>We note government guidance for use of the App in settings as set out below:</p> <p>https://www.gov.uk/government/publications/use-of-the-nhs-covid-19-app-in-settings-and-further-education-colleges/use-of-the-nhs-covid-19-app-in-settings-and-further-education-colleges</p> <p>Specifically that the agreed process for ensuring a setting is aware of a positive case, as set out in the guidance for full opening for settings and further education colleges in the autumn term, is still in place and is not changed by the introduction of the app.</p> <p>If we become aware that a student or member of staff has tested positive for coronavirus (COVID-19), we will contact PHE using agreed local procedures.</p> <p>(Secondary) We have informed all staff and of students (secondary where applicable), to inform a member of staff if they receive a notification during the day that they had been in contact with a positive case. To support this, the</p>		

				<p>notification itself will advise them that if they are under the age of 18, they should show the message to a trusted adult and obtain a PCR test.</p> <p>The staff member will then put in place the setting’s agreed process, including making appropriate arrangements for the member of staff/student to leave the setting at the earliest opportunity to begin self-isolation (if unvaccinated staff member) or recommend that a PCR test is obtained at the earliest opportunity.</p> <p>Where staff are required to keep their phones in lockers etc during the working day we have advised them to turn the tracking off whilst they are not in close proximity to their phone.</p>		
Containing any local outbreak	Disruption to pupils’ education	Pupils and staff	Serious	<p>We note https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/923539/Remote_Education_Temporary_Continuity_Direction_-_Explanatory_Note.pdf which makes it clear that settings have a duty to provide remote education for state-funded, setting-age children unable to attend our setting due to coronavirus (COVID-19). This came into effect from 22 October 2020.</p> <p>We have developed a Contingency Plan to ensure that the education of affected groups of pupils is maintained in the event of increased restrictions or closure.</p> <p>The Remote learning expectations are outlined in Remote Learning Policy and guidelines and is available on the school website.</p>	Low	No Significant Risk

				as set out in government guidance for the reopening of settings.		
	Parents/carers of a child with symptoms of coronavirus refuse to keep them at home.	Pupils and staff	Serious	We note government guidance: 'If a parent or carer of a pupil with coronavirus or with a suspected case of coronavirus insists on their child attending your setting, we will take the decision to refuse the pupil if, in your reasonable judgement, it is necessary to protect other pupils and staff from possible infection with COVID-19. Our decision will be carefully considered in light of all the circumstances and current public health advice'	Low	No Significant Risk
	Notification to Ofsted (Early Years and childcare settings ONLY)			We note that any confirmed cases of coronavirus in the setting (child or staff member) and, if the setting has been advised to close as a result should be 'swiftly' reported to Ofsted through the usual notification channels.		
5. USE OF FACE COVERINGS						
	Failure to use face covering in areas where it is difficult to maintain social distancing increases the likelihood of exposure to coronavirus in the setting community.	Pupils and staff	Serious	Government guidance from 19 July 2021 is as follows: <i>Government expects and recommends that people wear face coverings in crowded areas such as public transport</i> . Moving to step 4 of the roadmap - GOV.UK (www.gov.uk) Whilst face coverings are no longer mandatory in settings, we recognise that individual staff and pupils may still wish to wear these and will allow them to do this. NB: Use of face coverings could be reinstated as part of our Contingency Plan (See Section A).	Low	No Significant Risk

				<p>On dedicated transport we note government guidance that recommends children and young people aged 11 and over continue to wear a face covering when travelling to secondary school or college. Dedicated transport to schools and colleges COVID-19 operational guidance - GOV.UK (www.gov.uk)</p>		
<p>6. USE OF PERSONAL PROTECTIVE EQUIPMENT (PPE) (A face covering is not PPE because they are not designed to protect the wearer from infection from coronavirus).</p>						
<p>Use of Personal Protective Equipment (PPE) (Mainstream)</p>	<p>Incorrect use exacerbates the risk of further infection.</p>	<p>Pupils and staff</p>	<p>Serious</p>	<p>(Where applicable) We have followed the advice of our employer issued on xxxxxxxx. This means that xxxxxxxxxxxx And/ or</p> <p>“The majority of staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. PPE is only needed in a very small number of cases including:</p> <ul style="list-style-type: none"> • children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way • if a child, young person or other learner becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A fluid resistant surgical face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child or young person is necessary, then disposable gloves, a disposable apron and a fluid resistant surgical face mask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn” 		

				<p>We are complying with the above and are using our local supply chains to obtain PPE.</p> <p>We will ensure that, staff who are likely to have to support pupils in the circumstances identified above and potentially in the administration of some first aid have access to appropriate equipment and training in its correct use and disposal.</p> <p>See: https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/911313/PHE_quick_guide_to_donning_doffing_PPE_standard_health_and_social_care_settings.pdf</p>		
Use of Personal Protective Equipment (PPE) in Special settings	Incorrect use exacerbates the risk of further infection.	Pupils and staff	Serious	<p>Increased likelihood that staff will be exposed to bodily fluids in the course of their work will mean that the use of PPE will be risk assessed and relevant equipment provided where applicable.</p> <p>The following link is used as our guidance at present: SEND and specialist settings - additional operational guidance: COVID-19 (publishing.service.gov.uk)</p>	Low	No Significant Risk
7: SETTING WORKFORCE						
Staff wellbeing	Staff anxiety re: potential exposure to the virus.	All staff	Serious	<p>Where necessary Individual discussions are held with staff to identify concerns. (NB: recognising that some could be experiencing bereavement, mental health issues, etc.).</p> <p>School Health Care Lead has produced a wellbeing newsletter which has been sent to staff.</p>	Medium	Medium Risk

				<p>All staff have been reissued with the details of the school wellbeing support program.</p> <p>If appropriate 1-1 sessions will be offered to staff with a Clinical Psychologist.</p> <p>We have signposted to relevant counselling services. Including the Education Support Partnership which provides a free helpline for setting staff and targeted support for mental health and wellbeing. HR advice is available if required. We are working with the trade unions. https://www.hse.gov.uk/news/assets/docs/talking-with-your-workers.pdf NB: Retain for future reference with this risk assessment as an appendix.</p>		
Staff training (including induction for supply teachers and other visiting staff).	Staff are not aware or do not understand the requirements for working safely.	All staff	Serious	<p>In preparation for a full return on 1 September 2021 training and written instruction were provided re: operating procedures outlined in this risk assessment to all staff.</p> <p>This includes:</p> <ul style="list-style-type: none"> • What to do if they suspect that they or a member of their household has coronavirus (including testing arrangements) • Day to day organisations and procedures including arrangements for cleaning, • Procedures to follow if they suspect that a child in their group is displaying coronavirus symptoms • Site security and fire safety including evacuation and lockdown procedures. <p>Use of PPE (where applicable).</p>	Low	No Significant Risk

Individual staff requirements	Concerns from staff in identified work groups	Clinically extremely vulnerable	Fatal/ Major	<p>We have taken note of government guidance issued on 11/08/21, namely: Guidance on protecting people who are clinically extremely vulnerable from COVID-19 - GOV.UK (www.gov.uk)</p> <p>We will continue to discuss with CEV employees how they can be supported to carry out their duties in the workplace and if appropriate conduct personal risk assessments.</p>	High	High risk
	Concerns from staff in identified work groups	Pregnant women	Serious	<p>We will follow the specific guidance for pregnant employees because pregnant women are considered CV. In some cases, pregnant women may also have other health conditions that mean they are considered CEV, where the advice for clinically extremely vulnerable staff will apply. We will follow the same principles for pregnant pupils, in line with our wider health and safety obligations.</p> <p>NB Further guidance and advice on coronavirus (COVID-19) and pregnancy from the Royal College of Gynaecologists.</p>	Medium	Medium Risk
Use of volunteers	Potential for the introduction of coronavirus into the setting	Pupils & Staff	Serious	<p>Volunteers may be used to support the work of the setting, as would usually be the case.</p> <p>All volunteers will be expected to follow our control measures to reduce the spread of coronavirus.</p> <p>Volunteers will be provided with LFTs and expected to test prior to accessing the school site.</p>	Low	No Significant Risk

8: PUPIL WELLBEING						
Management of expectations within the setting community	Anxiety within the setting's community re: prevalence and effectiveness of infection control measures.	All members of the setting community	Serious	Our communication with parents and pupils prior to our return in September 2021 will include information about the control measures within this risk assessment. Government guidance for parents is available at: What parents and carers need to know about early years providers, settings and colleges - GOV.UK (www.gov.uk)	Low	No Significant Risk
Individual pupil medical requirements	Increased likelihood of serious illness resulting from exposure to coronavirus.	Extremely clinically vulnerable pupils (shielded)	Fatal/ Major	All CEV pupils should attend their setting unless they are one of the very small number of pupils under paediatric or other specialist care and have been advised by their GP or clinician not to attend. Where a pupil is unable to attend our setting because they are complying with clinical or public health advice, we will immediately offer them access to remote education. Settings should keep a record of, and monitor engagement with this activity but this does not need to be formally recorded in the attendance register. Where children are not able to attend our setting as parents are following clinical and/or public health advice, absence will not be penalised.	High	High risk
9: PROVISION OF FIRST AID AND ADMINISTRATION OF MEDICATION						
Provision of first aid	Inadequate first aid treatment exacerbates injury or pre-existing conditions.	Pupils and staff	Serious	We will revert to our substantive risk assessment which includes control measures to ensure that suitably qualified staff are available at all times. We will ensure a member of staff with a full PFA certificate is on site at all times when children are present, as set out in the EYFS.	Low	No Significant Risk

Administration of medication	Illness or injury to those who are unable to access their medication	Pupils and staff	Fatal/ major	Setting procedures for the administration of prescription and controlled medication will continue to apply.		
10: LETTINGS						
Lettings	setting control measures re: cleaning etc are compromised leading to increased risk of infection, expense and possible reputational damage.	Pupils Staff Wider community	Serious	<p>We will ensure that all users of our premises adhere to the control measures set out in this risk assessment. This will include ensuring that effective cleaning is maintained and additional ventilation measures do not compromise site security.</p> <p>Where opening up setting leisure facilities for external use, we will do so in line with government guidance on working safely during coronavirus (COVID-19) for providers of grassroots sport and gym or leisure facilities. THIS WILL BE UPDATED (Has been updated.)</p>	Medium	Medium Risk
	<p>Failure to meet legal obligations re: track and trace THIS WILL BE UPDATED</p> <p>NOTE: Providers are no longer required to collect participants' contact details, or keep records of your staff and visitors.</p> <ul style="list-style-type: none"> However, you are advised to continue to display an NHS QR code for participants wishing to check in using the app, to support NHS Test and Trace. You do not have 	Pupils Staff Wider community	Serious	<p>Community centres and village halls which may host a variety of social, recreational and cultural activities, must collect information for all activities and events taking place within the venue. This should be collected by the person who hires the space. The venue must display an official NHS QR code poster which can be used for every activity that takes place there.</p> <p>THIS WILL BE UPDATED https://www.gov.uk/government/publications/use-of-the-nhs-covid-19-app-in-settings-and-further-education-colleges/use-of-the-nhs-covid-19-app-in-settings-and-further-education-colleges</p>		

	<p>to ask participants to check in, or turn them away if they refuse.</p> <ul style="list-style-type: none"> If you display an NHS QR code, you should also have a system to collect (and securely store) names and contact details for those who ask to check in but do not have the app.

11: EDUCATIONAL VISITS

Educational visits	Exposure to infection from inadequate social distancing etc	Pupils and staff	Serious	<p>We will undertake full and thorough risk assessments in relation to all educational visits to ensure they can be undertaken safely. As part of this risk assessment, we will consider what control measures need to be used to reduce the risk of exposure to coronavirus and follow wider advice on visiting indoor and outdoor venues.</p> <p>OEAP National Guidance will be followed (see Contents (oeapng.info))</p> <p>We note that from September 2021 any international visits that have previously been deferred or postponed may take place subject to wider international travel restrictions.</p>	Medium	Medium Risk
--------------------	---	------------------	---------	---	---------------	--------------------

				(RPA members have been advised that booking any new overseas visit before September 2021 will be at their own risk.)		
12: SETTING RECEPTION AREAS						
Setting Reception areas	Exposure to infection from inadequate social distancing: visitors to setting.	Pupils and staff	Serious	Signage has been erected to advise visitors of hygiene protocols. Staff signing in arrangements - sanitiser available to clean hands after use. Hand sanitiser will be provided to all persons entering premises with signage to explain control measures etc.	Medium	Medium Risk
	Violence and aggression towards setting staff causes injury and distress	Pupils and staff	Serious	We will maintain transparency and regular contact with all members of the setting community. Regular briefings/updates for all staff so that they are aware of setting response to the COVID 19 virus and can communicate consistently to those who ask. Readiness to deploy the range of behaviour remedies if behaviour becomes unacceptable from warning to full banning from site/sect 547 warnings/action.		
13: AFTERSCHOOL AND BREAKFAST CLUBS						
Afterwards and Breakfast Clubs	Arrangements for infection control, social distancing etc are not practised at Breakfast and	All members of the setting	Serious	Updated guidance for operating may be found as follows:	Medium	Medium Risk

	<p>Afterwards Club thus increasing the risk of infection within the setting community.</p>	<p>community</p>		<p>Protective measures for holiday or after-setting clubs and other out-of-setting settings for children during the coronavirus (COVID-19) outbreak - GOV.UK (www.gov.uk)</p> <p>We will liaise with the external provider to ensure that they are aware of the control measures set out in our risk assessment and guidance above. We will support them in matching or exceeding the expectations set out within it.</p>		
--	--	------------------	--	---	--	--

Action plan:

<p>What is the Hazard you need to Control? (Medium to high from the risk rating above)</p>	<p>What additional precautions do you need to either eliminate or reduce the risk to an acceptable level?</p>	<p>Who is responsible for implementing these controls?</p>	<p>When are these controls to be implemented (Date)?</p>	<p>When were these controls implemented (Date)?</p>
<p>Contact with infected persons/ exposure to the virus within the setting.</p>	<p>All relevant guidance has been shared with staff and families prior to the start of term.</p> <p>All staff are twice weekly testing which will be for the entire first term.</p> <p>All relevant PPE is readily available with clear guidance on when to use.</p> <p>A clear plan has been implemented in the situation of a CYP or member of staff contracting Covid19.</p>	<p>Headteacher / Deputy Headteacher</p>	<p>2 September 2021</p>	

	Advice and support will be sought from PHE in the event of a positive case.			
Contact with those developing symptoms of the virus during the working day.	<p>All relevant guidance has been shared with staff and families prior to the start of term.</p> <p>All relevant PPE is readily available with clear guidance on when to use.</p> <p>A clear plan has been implemented in the situation of a CYP or member of staff contracting Covid19.</p> <p>Advice and support will be sought from PHE in the event of a positive case.</p>	Headteacher / Deputy Headteacher	2 September 2021	
Concerns from staff in identified work groups	<p>All CEV and CV staff have received both vaccinations.</p> <p>Where staff have concerns individual RA's will be completed with staff to identify extra mitigation to support.</p> <p>In the event of the reintroduction of shielding all identified staff will be directed to work from home.</p>	Headteacher / Deputy Headteacher	2 September 2021	
Increased likelihood of serious illness resulting from exposure to coronavirus.	<p>Families will be made aware of any cases of Covid-19 within the school setting.</p> <p>In the event of being advised isolate all pupils will receive appropriate remote education.</p> <p>In the event of the reintroduction of shielding all identified pupils will receive appropriate remote education.</p>	Headteacher / Deputy Headteacher	2 September 2021	
Hand hygiene	Due to Special Educational Needs of our CYP there requires greater staff support to ensure good	all	2 September 2021	

	<p>standards of hand cleaning. This may include the need to fully support a CYP to wash their hands, staff will be expected to wash their hands afterwards in line with guidance.</p> <p>Expectations for CYP to wash their hands has been written into the model timetable.</p> <p>Clear guidance of hand washing expectations communicated to staff.</p>			
Person contracts COVID 19 as a result of inadequate cleaning	<p>Deep cleans will happen in all areas with a clear cleaning programme in place.</p> <p>Meeting held on the 15 May outlining expectations of cleaners and a clear cleaning specification is in place in line with guidance.</p> <p>A cleaner is onsite sterilising touch points at all times.</p> <p>Baytree staff will continue to clean within the classrooms including toys, resources, touch points etc throughout the school day.</p>	Adapt John Cunningham Judy Hill	2 September 2021	
Use of hand sanitiser: potential for improper use and ingestion.	<p>Due to Special Educational Needs of our CYP there is an increased risk of consumption of hand sanitiser.</p> <p>High staff pupil ratio ensures CYP are supported at all times.</p> <p>The safety data sheets have been sourced for the hand sanitiser used so the guidance of consumption is available.</p>	Class teachers / support staff	2 September 2021	
Failure to follow PHE/ NHS Test and Trace procedures increases the likelihood of exposure to coronavirus in the setting community.	<p>Guidance has been developed and shared with all staff providing clear expectations around engagement with the track and trace.</p>	Headteacher/ Deputy Headteacher	2 September 2021	

Lateral Flow Testing	<p>Guidance developed and shared with all staff providing clear expectations around engagement with lateral flow testing</p> <p>All staff have been provided with adequate supply for testing.</p>			
Staff anxiety re: potential exposure to the virus.	<p>School Health Care Lead signposted the support available to all staff.</p> <p>All staff have been reissued with the details of the school wellbeing support program.</p> <p>If appropriate 1-1 sessions will be offered to staff with a Clinical Psychologist.</p>	School Health Lead	2 September 2021	

Table 1: Definitions

Potential Severity of Harm	Meaning of the harm description	Likelihood/Probability of Harm	Meaning of likelihood/probability
Fatal/Major Injury	Death, major injuries or ill health causing long term disability/absence from work.	High (Likely/probable)	Occurs repeatedly/ to be expected.
Serious Injury	Injuries or ill health causing short-term disability/absences from work (over three days absence)	Medium (possible)	Moderate chance/could occur sometimes.
Minor Injury	Injuries or ill health causing no significant long-term effects and no significant absence from work.	Low (unlikely)	Not Likely to occur

Table 2: Risk rating matrix: Potential severity of harm + Likelihood/ probability of Harm = Risk rating

	High (Likely/Probable)	Medium (Possible)	Low (Unlikely)
Fatal/Major Injury	VERY HIGH	HIGH	MEDIUM
Serious Injury	HIGH	MEDIUM	LOW
Minor Injury	MEDIUM	LOW	LOW

Table 3: Action required: Key to ranking and what action to take

VERY HIGH Risk	STOP ACTIVITY! Take action to reassess the work/activity and apply reduction hierarchy before proceeding.
HIGH Risk	Action MUST be taken as soon as possible to reduce the risks and before activity is allowed to continue.
MEDIUM Risk	Implement all additional precautions that are not unreasonably costly or troublesome within an agreed timeframe. Reduce risk to a tolerable level.
LOW Risk	Monitor and review your rolling programme.
