

Worle Class have had a busy week exploring lots of experiments during science week. We found creating shadow puppets and seeing what effects the light had on the shadows was interesting. We enjoyed milk painting, watching the results of our actions and the patterns created. Our favourite so far has been investigating sand timers. We made our own timers from coffee cups and sand, choosing how much sand to put in and then carrying out sensory activities e.g. fans for the duration.

Red Class having been loving our topic all about dinosaurs! We loved finding out all about dinosaurs during our sensory story, especially tasting what they might have eaten! We have also used dinosaurs as part of our maths session, building houses and finding them hidden in containers!

Birnbeck class have enjoyed an active start to term 4. We have been on a train trip to Weston-super-Mare, taken part in horse riding and cycling. We have enjoyed writing stories about Space using colourful semantics and learning about quantities in maths by filling jugs of water. We've had lots of Birthdays this week in Birnbeck and so have enjoyed the cake.

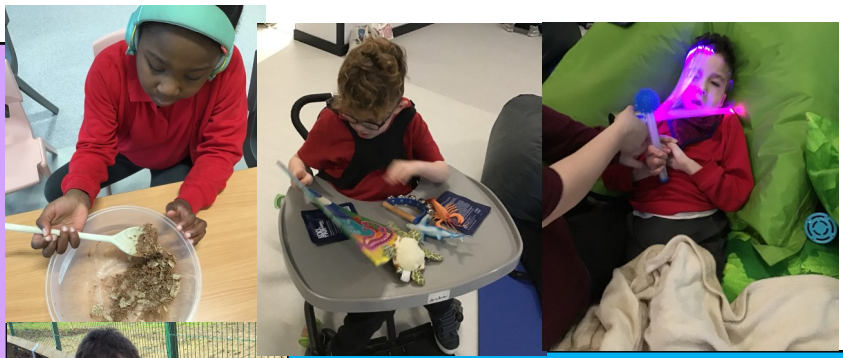

We have really enjoyed beginning our new topic 'wildlife' in **purple class**. We have made sentences about what different animals eat or look like. We have also looked at animal habitats and enjoyed animal games and songs.

Middle Years Clevedon:

We have had a fantastic 2 weeks exploring our new school! The learners have begun finding their way around and enjoying all the sensory rooms and hydro pool. We have also been lucky enough to have visits from lots of outside professionals including Bristol Bears, Music therapy, and Cricket. All the learners have enjoyed getting to know their new class peers and staff and we are looking forward to getting stuck into our wildlife topic next term.

In **Pink Class**, we have been exploring all about pets and farm animals and their habitats. We created fact files and shared them with our friends. We have been using our communication skills to role play 'At the Vets' and farm animals we may see from a train passing through fields. Great couple of weeks, Pink Class - you are amazing!

Blue Class have been exploring different habitats both in and out of the classroom! We have really enjoyed exploring the homes of lots of different animals!

gympanzees
Easter Pop Up
 April 1st - 12th

Pop Up fun and fitness for children and young people with disabilities!

Venturers Academy, Hareclive Road,
 Withywood, BS13 9JW

Gympanzees sessions are for children and young people (0-25 years) with sensory, physical, learning difficulties, SEN and any mild to profound disability.

You do not need a diagnosis to use Gympanzees.
