

Orange Class, Clevedon - Another fabulous term in Orange Class! We have absolutely loved our Castles and Dragons topic and have fully immersed ourselves in dressing up as knights, making dragon sound effects and exploring different types of weather in science! We hope you have a lovely half term!

Purple Class, Clevedon - have been having a fantastic time as we continue our holiday theme! We've been "jet-setting" around the world, discovering exciting destinations and the traditions that make them special. One of this week's stops was sunny Spain, where the children had great fun learning about flamenco dancing - complete with dramatic moves, claps, and lots of smiles! In RE, we have been thinking about actions and their outcomes, discussing how our choices can affect ourselves and others. In Maths, we have been learning about equal and not equal. Through hands-on activities, the children have been comparing quantities and identifying when things are the same or different.

Green Class, Clevedon - have finished the term by exploring Poland and Greece. We enjoyed learning about traditional tales from Poland including the Warsaw Dragon. This included learning about the landscape and history of the capital. For Greece we learnt about how it is made up of Islands and created boats to link in with our science theme of forces. We had a competition to see whose boat could hold the most. We also made white and blue plates. Lastly, to end mental health week this week we made a cake to share with everyone and enjoyed some time outdoors, reading a story.

Blue Class, Weston - Its been a productive few weeks in Blue Class. We have been working hard on our class story 'The Blue Crew Go on a Journey'. Everyone has a role and has been taking part in our sensory journey. This term the class have been enjoying Boogie Beats, an external provider who creates musical sensory stories which the whole class enjoy. We also took part in a whole school pancake race on Tuesday, and some of us have been going horse-riding. Special mentions to Bobby G who has been riding and Bobby-Joe who is quite nervous but has managed to get close to the horses, lead them and stroke them, well done Blue Crew!

Purple Class - have had an exciting term exploring all things Europe! We travelled to six different countries, using poetry to create an immersive experience. Along the way, we tried and made traditional foods, explored music, and created some beautiful artwork.

In Maths, we have been exploring data by creating and interpreting pictograms. We have voted on the foods and activities we like and dislike, and practiced counting and finding totals from the pictograms.

One of our favourite activities this term has been outdoor learning. We identified colours in nature, explored the sights, sounds, and smells around us, and last week we used clay to press leaves and make beautiful prints! We can't wait to bring these home and share them with you. We hope you have a fun-filled half term and look forward to more exciting learning in Term 4!

Steeholm - Weston - have had a cracking term in the Snack Shack! They've been making staff lunches every Friday and have raised over an amazing £300 since September!

Green Class, Weston - have enjoyed exploring Greece this week, we found the Greek food very interesting and loved the music and dancing. We have also been feeling the love by sharing activities and baking some special treats!

Knightstone, Weston - have been busy exploring a wide range of exciting topics! In PSHE, we learned about the differences between private and public body parts and how to keep ourselves safe. In science, we investigated gravity and enjoyed testing out our own parachutes to see how effectively they fell. For Internet Safety Day, we discussed the power of AI and how to use technology responsibly. As part of Children's Mental Health Week, we took part in calming mindfulness activities and even competed in a fun baking competition that encouraged creativity and teamwork. It's been a wonderful couple of weeks.

Asking AI to turn our learners into a character.

Yellow Class, Weston - really enjoyed their visit to the library last week! We have also been making posters to go with the story - Do Not Disturb the Dragon!

Yellow Class, Clevedon - have really enjoyed our

topic this term of Castles and Dragons. We have enjoyed exploring all things Royal by dressing up as Kings and Queens and exploring tapestries and woven fabrics in Art. In Science we have explored different types of weather and had a go at dressing appropriately for the weather conditions. We have enjoyed stories about Dragons and knights and enjoyed joining in the telling of the story using speech buttons. In Maths we have loved exploring the shapes found in castles, building castles

from Biscuits as well as construction blocks. In Music we have enjoyed listening to medieval music and singing songs about Dragons.

Red Class, Clevedon - We have had a great term! We are really proud of how much progress the children have made. We have enjoyed our topic and learning about castles, dragons, kings, and princesses. We have also explored different types of weather and created some amazing artwork. Please take a look on Tapestry to see all the wonderful things we have been doing. We hope you have a great break!

Pink Class, Clevedon - have continued our holidays around Europe! We have explored Poland and Greece and finished our learning with a plane journey around all the countries we have been to. We had a pilot flying the plan and a ticket checker, we had inflight snacks and listened to the different National Anthems as we visited each county. We have also been creating our own poems linked to travel - Pink Class you are amazing!

Orange Class, Weston - As we reach the end of Term 3, we are incredibly proud of the individual progress all our learners have made. It has been a fantastic term in Orange Class, and we have thoroughly enjoyed exploring our Castles and Dragons topic, bringing stories to life through imaginative play. Our Fun with Food sessions continue to be a great success, with many of us enthusiastically peeling and chopping carrots last week. In PSHE, we have been learning about different parts of the body and particularly enjoyed practising our tooth-cleaning skills on some very "dirty" teeth! Well done Orange Class, for another brilliant term. Have a lovely week, and we look forward to welcoming you back for Term 4.

Red Class, Weston - have enjoyed learning all about Castles and Dragons this term. A dragon melted some chocolate so we practiced our mixing and made chocolate krispie cakes. We took a trip to the library to see if we could find books about dragons. We made sandcastles with kinetic sand. We went for a nature walk to see if what natural resources we could find. Red Class, hope you have a lovely half term!

Worle Class - had great fun joining other classes for Pancake races on Tuesday afternoon. It was great fun racing with our friends from Birnbeck class. It made everyone laugh especially when we dropped pancakes on the floor. Thanks Jo, for being our official race leader and your fantastic starting horn.

College - learners have been enjoying finding different types of shops in a new location for us - Nailsea. We are confident ordering and eating in different cafe's. In the flat we have been cooking different vegan meals and trying them out. We have enjoyed the chickpea curry the best. Our leisure activities of bowling, golf and swimming have been great this term. Lots of smiles.

PSHE- I wanted to update you about PSHE and something exciting we are implementing at Baytree School. We are going to be introducing a programme called So Safe. This is a set of visual tools that we will be using with learners to support them and to help educate children and young people about relationships and social safety. Each week, we will be learning a new concept, which will be embedded everything we do. We will still be teaching our normal PSHE lessons in class. This is very exciting, and we will keep you updated on everything we cover in class. If you have any questions, please don't hesitate to ask. Sadie, PSHE Lead.

SoSAFE!
PROMOTING SOCIAL SAFETY

SoSAFE Learning Overview for Parents: In the coming weeks, our learners will be taking part in SoSAFE, a structured program that helps children build the skills they need to understand personal boundaries, communication, and safety in a positive and empowering way.

For our younger students, we will be exploring:

- Consent – understanding that everyone has the right to make choices about their own body.
- Yes / No – recognising when they feel comfortable or uncomfortable, and how to express this clearly.
- OK / Not OK – learning to identify safe and unsafe situations.
- Feelings – naming emotions and understanding emotions.

For our middle and upper students, we cover the same as above and will also cover:

- Private and Public – understanding the difference between private and public places.
- Public and Private Helpers – identifying trusted adults and knowing who to go to for help in different situations.

Our aim is to give students practical tools to support their wellbeing, confidence, and safety in everyday life. We will keep you updated on the content we will be teaching. If you have any questions or would like to discuss the program further, please feel welcome to get in touch. Thanks, Sadie

Compassionate Home Care

Tel: 07703967841

Email: office@compassionatehome.co.uk

Follow us: Compassionate Home Care

Location: North Somerset and the surrounding areas

We are a CQC registered home care provider who are ready to provide exceptional, person-centred care to those who need it most. Our focus is on delivering compassionate, high-quality care to those with basic to complex needs such as **dementia care, LD, mental health, complex medical needs, and more.**

Some of our services include:

- ✔ **Personal care & support** - helping with daily living activities

Please go to the Baytree Learning Link on the School website to see the second webinar that is on Attention Autism. This is to show the process and is without learners so is just a guide to show what we do in the first stage - Bucket time. You will find this in the 'Approaches to Learning' section. Please share with our Baytree Community :o)

BAYTREE SCHOOL
