

It has been another fun filled term at Baytree School! It has been such a pleasure to see the joy and fun all our learners have with their learning and I hope you all get a sense of all the fun as you read through the Bugle! I think the chicks have definitely been a real highlight this term for both learners and the staff team who will all be a bit sad to say goodbye as they make their way to the farm!

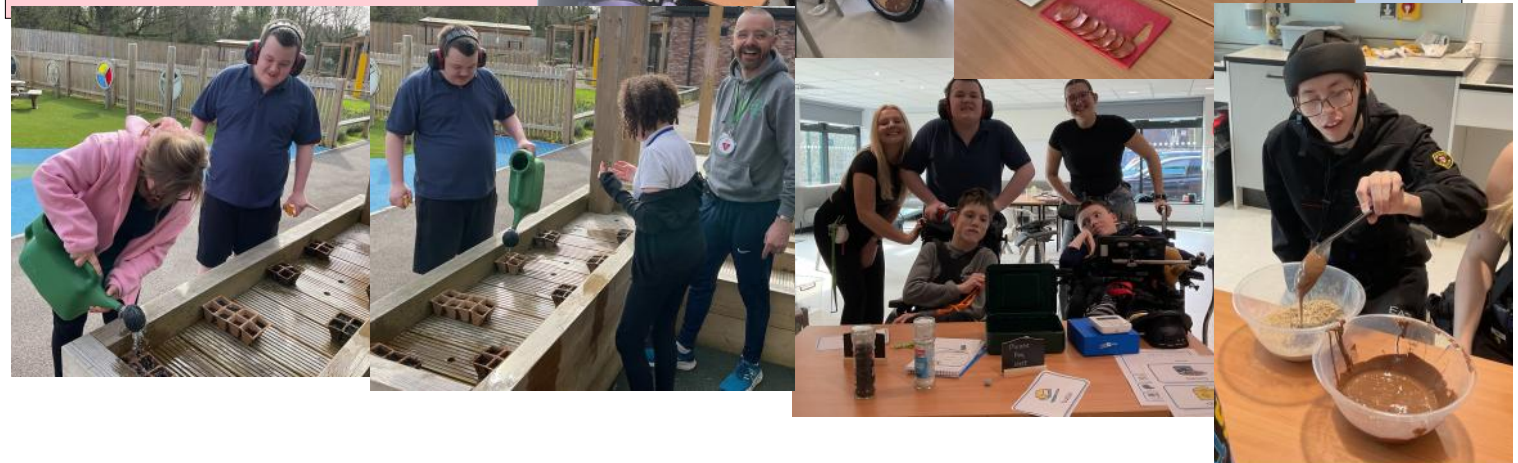

I would like to wish you all a very happy and restful Easter and we look forward to welcoming everyone back on Monday 20th April, Ed.

Green Class, Clevedon - have had a fabulous term and really loved exploring all things growing and changing. We have loved looking after our chicks and seeing them grow and change and have shown great independence by helping look after them and keep them safe. We have also enjoyed outdoor learning and making some improvements to our garden area including planting wild seeds, adding bird feeders and plant print bunting. We hope everyone has a lovely Easter Break and see you in term 5.

The Pier, Clevedon - a lovely end to the term in The Pier, Clevedon! We have been busy practising our independent living skills, cooking lots of delicious snacks and cakes. We really enjoyed having a class pizza party, where we chose our toppings and made wrap pizzas to taste together. Our favourite toppings were pepperoni and red pepper. We have also been making easter nests to sell at the Orchard Cafe! A massive well done to Pier and Tickenham class for their amazing work in The Snack Shack every Friday!

Tickenham, Clevedon - have had a fabulous term! We've spent lots of time outside enjoying the sunshine. We have planted seeds to grow vegetables and made various types of bread!

Yellow Class, Clevedon

What a wonderful term we have had in Yellow Class. We have loved our topic of at the bottom of the garden, exploring mini beasts in Literacy and soil and growing vegetables in Science and Geography. In maths we have enjoyed counting ice cubes and trying to melt them, we have also used our bodies to demonstrate positional language such as on under and in. We have enjoyed getting outside in the sun more and even had a few adult led sessions outside which we really enjoyed. We have focussed on our fine motor skills and had fun in Dough disco as well as mark making in a variety of ways including making our Easter cards.

Purple Class - have had a fantastic two weeks wrapping up our topic on growth and change! We've really enjoyed exploring different habitats and learning about how animals adapt to survive in them. Our favourite were the monkeys in the jungle, especially how they use their long, curly tails to balance and swing through the trees. Some of us have been going to forest school in Clevedon where we have been making different crafts using leaves and flowers from the orchard! We hope you all have a wonderful half term.

Purple Class, Clevedon - have continued their theme of growing and changing by joyfully exploring *The Very Hungry Caterpillar*, diving into its vibrant story and learning about life cycles in a hands on, imaginative way. Our Forest School children have also embraced adventure outdoors, toasting marshmallows and discovering the natural world around them. These are just a couple of the lovely highlights as we round off the term with fun, interactive Easter themed activities woven throughout our day-culminating in an exciting finale: our very own Easter egg hunt.

Worle Class - have enjoyed being active this term. Learners have been working hard in the hydro pool and practising their great skills. Also whilst at Clevedon school, as well as doing Rebound, they have been enjoying using the outdoor areas and making use of the fun equipment.

Outreach - learners have been working super hard this term on their Baytree-venturers Spring Watch certificate – building nests, identifying birds from their sounds and having bean-stalk races! We have also been exploring different decades looking at the fashion, music and what children would have watched on tele from each decade – Our learners had strong opinions on the different music! To finish the term, we worked together to create an Easter spring garden. Well done Outreach!

Green Class, Weston - have enjoyed thinking about Easter and had a very special time watching our chicks hatch. We have made an Easter garden as well as yummy Easter treats.

Knightstone, Weston - Our horticulture learning has continued as we explored what plants need to grow and practised planting our own seeds. Some learners enjoyed a special trip to Southmead Hospital, where they took part in a performance with the school orchestra. In maths, we've been developing our understanding of money. We have also enjoyed lots of Easter fun, joining in themed activities and celebrations. To finish the term, the learners had a fantastic time on a bowling trip, building confidence, turn taking, and having lots of fun. It's been a busy and enjoyable couple of weeks! Everyone in Knightstone would like to wish all of our friends and families a lovely Easter.

Orange Class, Weston - have had a fabulous Term 4! We have really enjoyed our topic of 'At the bottom of the garden' and have loved exploring lots of different activities and sensory trays. We hope you all have a fantastic Easter and we will see you soon for Term 5!

Red Class, Weston - have had a lovely few weeks out in nature and enjoying the sunshine! We collected natural resources and made a bug house, there were already some bugs ready to 'check in' on the leaves we collected. We tasted hot cross buns and used rolling pins to make them into different shapes and enjoyed playing with our sensory farm in the sun.

Learners have enjoyed getting creative by making Easter themed gardens.

The School Immunisation team can offer the MMR vaccine to any school aged child who has not yet had 2 doses. The MMR vaccine helps to protect your child against Measles, Mumps and Rubella and 2 doses are required for full protection [A guide to the MMR vaccination for all](#) If you are unsure whether your child has had 2 doses please contact your GP or the School Immunisation team at sirona.mmr@nhs.net

PSHE- I wanted to update you about PSHE and something exciting we are implementing at Baytree School. We are going to be introducing a programme called So Safe. This is a set of visual tools that we will be using with learners to support them and to help educate children and young people about relationships and social safety. Each week, we will be learning a new concept, which will be embedded in everything we do. We will still be teaching our normal PSHE lessons in class. This is very exciting, and we will keep you updated on everything we cover in class. If you have any questions, please don't hesitate to ask. Sadie, PSHE Lead.

SoSAFE Learning Overview for Parents: In the coming weeks, our learners will be taking part in SoSAFE, a structured program that helps children build the skills they need to understand personal boundaries, communication, and safety in a positive and empowering way.

For our younger students, we will be exploring:

- Consent – understanding that everyone has the right to make choices about their own body.
- Yes / No – recognising when they feel comfortable or uncomfortable, and how to express this clearly.
- OK / Not OK – learning to identify safe and unsafe situations.
- Feelings – naming emotions and understanding emotions.

For our middle and upper students, we cover the same as above and will also cover:

- Private and Public – understanding the difference between private and public places.
- Public and Private Helpers – identifying trusted adults and knowing who to go to for help in different situations.

Our aim is to give students practical tools to support their wellbeing, confidence, and safety in everyday life. We will keep you updated on the content we will be teaching. If you have any questions or would like to discuss the program further, please feel welcome to get in touch. Thanks, Sadie
