

Green Class, Clevedon - have been working hard on finishing off the garden by planting herbs and putting into practise their learning on saving water by using the water butt to water the garden. We also explored making rivers and waterfalls using recycled water and making the flow fast/slow. All our water exploration has helped to keep us cool on these hot summer days!

Orange Class, Weston - It has been another busy couple of weeks in Orange Class! We have loved making the most of the warm weather with some exciting water play activities - we had lots of fun exploring, splashing and getting very wet!

We have continued our learning about jungles and rainforests, discovering more about the amazing animals and environments found there. We especially enjoyed our rain exploration activity, where the children showed fantastic turn-taking skills while waiting patiently for their turns.

Well done, Orange Class - we are so proud of your curiosity, teamwork and enthusiasm for learning!

Red Class, Clevedon - have enjoyed learning about different jungle animals each week. In Maths, we have been working on counting and ordering numbers. We've also been enjoying Art every week, using paints and pens to create amazing pictures. Move Up afternoon was a real highlight - everyone either visited their new class or met new friends in Red Class, and they all did so well! Well done Red Class!

Knightstone, Weston - rounded off their fantastic Work Experience Week by selling the sausage rolls we had made - and they were a complete sell-out! The learners have received lots of positive feedback from staff on how tasty they were, making all their hard work feel worthwhile! Some learners have continued work experience by visiting the Healthy Living Centre in Weston, where they learnt how to sort, organise and tag clothes for a charity shop. We also had to find creative ways to stay cool during the scorching weather, so we made our own refreshing ice lollies using freshly squeezed orange juice.

Orange Class, Clevedon - amazed us all with an incredible trip to Noah's Ark Zoo Farm this week! All learners had the best time and loved exploring the park and visiting all of the animals. We spent time playing in the different outdoor parks, finding and matching the animals we could see to our checklist, having a picnic lunch and finishing the day with a tractor ride! We had so much fun.

Purple Class, Weston - have thoroughly enjoyed our water topic the past two weeks, exploring under the ocean animals and getting creative. Our favourite activity was using tie dye to make our own T-shirts!

Green Class, Weston - have been enjoying lots of fun together, we especially loved visiting the roundabout. We have been finding ways to keep cool during the warm weather. It has been wonderful to see everyone having so much fun and mixing with learners from other classes.

Tickenham, Clevedon - have enjoyed lots of water activities, using symbols to sequence instructions for cooking and baking and learning about different careers!

Yellow Class, Weston - have been using watermelon and gloop to keep heatwave cool!

The Pier, Clevedon - had a wonderful time at 'The Zoo Project' in Bristol for our class trip this term, the Lemurs seemed equally as interested in us as we were with them!

In class, we have been developing our functional maths and literacy skills whilst making mocktails and other drink options that we could possibly make and sell in the future. Watch this space!

Pink Class, Weston - have loved bringing our learning to life through even more sensory stories linked to our topic of Water. This week, we have explored who and what might live in water while taking part in a range of exciting science investigations. Building on this theme, our Attention Autism sessions have also been filled with fun water-based activities that have captured everyone's interest and imagination. We have had a real sparkle moment with our physiotherapy and physical development over the last couple of weeks, with learners making some incredible progress. It has been wonderful to see pupils achieving new milestones, including increased weight-bearing and movement skills, while taking great pride in their individual accomplishments. Their determination and sense of achievement have been a joy to celebrate. Excitement is continuing to build as we prepare for transitions. We have been marking this special time with graduation celebrations and have enjoyed our first visits to our new classes. There is a real sense of anticipation, positivity and enthusiasm across Pink Class as we continue our countdown to the summer holidays.

Parents/Carers Group

Coffee Morning

Come to a welcoming space, meet other people and relax with a cuppa and cake!

Thursday 16th July 9am-11am

Welcoming NSPCWT to focus on needs for children with autism

@ Baytree School - Clevedon Campus
